UNCLE SAM'S AID MAY BE REQUIRED

Cuba Asks for Arms to Defeat The Rebels.

It is Reported That Americans of
Isle of Pines Favor Success
of Revolution.

THEY TAKE ANOTHER TOWN

Havana, Aug. 24.—The insurgent forces commanded by Pino Guerra, who took the city of San Luis yesterday after three hours' fighting, today captured San Juan de Martinez, the terminus of the Western railroad, five miles west of San Luis.

News reached here today that the American residents in the Isle of Pines are in sympathy with the insurgents and are lending them all the aid possible. It is feared here that Guerra will make the Isle of Pines a base of operations.

Font Sterling, secretary of the treasury, late last night cleared up the announcement made at the palace earlier to the effect that the Cuban government had asked the United States for eight rapid fire guns, manned by American artillerymen for use in suppressing the insurrection.

According to Sterling the government ordered from an American armory manufacturing company four rapid fire guns and these pieces are to be manned by members of the artillery of the American army now here. If the guns prove effective four additional ones will be ordered. It is expected that experienced gunners can be procured in the United States to man them. The United States has not been asked to do anything. American intervention is not much discussed here and is regarded only as a remote possibility. The general confidence is that the government will restore order.

Havana Wants News.
Havana, Aug. 24.—Havana today awaits news from Pinar del Rio. Word arrived last night from Guerra that he would march on Pinar del Rio. Fighting is reported in progress 45 miles west of Havana, though no details are known as to the outcome. The absence of news from Santiago leads to the belief that the government is suppressing it because of its disquieting nature.

Situation Is Grave.
Washington, Aug. 24.—Despite all efforts of the state department to "poo-poo" the present Cuban trouble the situation is regarded as exceedingly grave by high officials and the probability of American intervention is being secretly discussed. Administration officials believe they have a right to interfere now. However, the disposition is to let Cuba work out her own salvation at present unless American interests in the island become unpleasantly involved.

CHINA TO HAVE CONSTITUTION

Dowager's Advisers Recommend
That It Be Adopted Gradually.

Peking, August 24.—The dowager empress of China plans to summon a conference of high officials, including several viceroys, to discuss the adoption of a constitution. The Chinese commissioners who recently visited the United States and Europe and who have returned from their tours recommend a gradual change to a constitutional government, taking ten to fifteen years to educate the people thereto.

Hayti to Require Gold.
Port-au-Prince, Hayti, August 24.—The chamber of deputies has passed a law changing the importation customs duties by a surtax of 25 per cent gold. Former duties payable in paper money will be exacted in gold or paper at a discount of 400 per cent. It is believed that the senate will pass the measure.

Ballooner Falls Fifty Feet.
Wichita, Kan., August 24.—J. C. Lapre, a balloonist, was seriously injured by a fall from a parachute here tonight. In making his descent he struck the top of a tall tree, which tore him from the parachute, and he fell a distance of 50 feet. It is thought he will recover.

Leaves Fortune to "Peters Pence."
Paris, August 24.—The Echo de Paris says Count Bieteron died at Monte Carlo, leaving his fortune of \$1,200,000, to "Peters Pence."

LINDSEY TO OPPOSE ADAMS.

Denver's Famous Juvenile Court
Judge Would Be Governor.

Denver, Aug. 24.—Judge Benjamin D. Lindsey, of juvenile court fame, will announce tomorrow or soon after that he is a candidate for governor, opposing Alvah Adams. Both are Democrats, but when Adams was unseated at the last election it was understood Adams would have no opposition for nomination this year. Lindsey, however, recently said Adams should immediately repudiate his brother, Frank Adams, president of the fire and police board under Mayor Speer. Speer is opposed by the Lindsey-Patterson faction of the Democratic party because of Speer's alleged friendliness to corporations.

AGRARIAN SCHEME WILL BE ADVANCED

Russian Government Is To Go Ahead With Program.

Cabinet Meeting Held at Peterhof at
Which Plans Were Discussed by
Ministry.

PEASANTS TO RECEIVE LAND.

St. Petersburg, Aug. 24.—An important conference began last night at Peterhof on the distribution of the crown lands and appendages to peasants to appease the land-hungry peasantry.

A member of the cabinet who participated in the Peterhof conference said that within a fortnight an imperial ukase would be issued, directing the agrarian commission to distribute \$1,800,000 desiatines (about 244 acres) belonging to appendages and 4,000,000 belonging to the crown and 2,000,000 purchased through the Peasant's bank.

The new landlords are to be given land in installments, eventually redeemable by the peasant purchases on installment notes. The belief is that no parliament will ever dare to repeal this law. Nearly all restrictions upon the peasants as a class are also to be removed. This is the government's bold bid for the support of the Russian peasant millions against the revolutionists.

Fear a Second Ballystok.
St. Petersburg, Aug. 24.—There is great alarm in the Jewish circles over the development at Siedel, Poland, parallel to the preliminaries of the Ballystok massacre. The terrorists' acts today culminated as at Ballystok in the assassination of Chief of Police Goltseff.

ABBOTT RESIDENCE

RANSACKED BY BURGLARS DURING THE NIGHT.

Every Article in the House Moved
and Searched by Thieves
After Money.

The residence of Mrs. Phil Abbott, 527 North Seventh street, was broken into last night and ransacked from top to bottom, even the beds being turned over and strewn about the floor. It is presumed only money was sought.

Mrs. Abbott is in Chicago and the house has been left to the care of friends, who received the report from neighbors this morning. An investigation showed that the burglars broke a piece of glass out of the top window in the side of the house reached in and unlatched the patent lock. Every dresser drawer was pulled out, and little trinkets or value such as one can get in his pocket were left untouched. It is presumed that only money was the object of the visit. It is not known whether Mrs. Abbott left any money in the house. She is expected home in a few days.

Shaw to Open Campaign.
Chattanooga, Tenn., August 24.—Hon. Leslie M. Shaw, secretary of the treasury and a presidential possibility, will make three speeches in Tennessee in the interest of Mr. Evans' candidacy for governor.

Cholera Kills Child at Berlin.
Berlin, August 24.—A child died here today, apparently of cholera. The authorities are making an investigation.

SHOT AT THIEF TAKEN BY RIDDLE

Sat Up And Awaited Return of Chicken Stealer.

Mrs. Sarah Birchett, Formerly Matron
at Hospital, Lost Fifteen
Fine Fowls.

SHADOWY FORM SEEN TO FLEE

Chicken thieves last night began operations again on the South Side. At one place a good haul was made, but at another the thief came near having to be the subject of the haul himself—in a coffin and wagon.

Mr. Charles Riddle, the well-known tailor, of 1101 South Third street, heard noises in his back yard where his fine chickens are kept. He suspected thieves and heard a peculiar signal whistle. A neighbor's family, returning from a visit frightened the thief away. This was at 12 o'clock and Mr. Riddle sat up for him.

About 1:30 o'clock the thief returned. It was dark and Mr. Riddle could just see the outline of his form against the stable door. He was unsuccessful in breaking the lock and came forward to where a small coop of young chickens is kept.

"I shot four times at the thief, but do not know that I hit him," said Mr. Riddle. "He jumped my fence just as the last shot was fired and ran into a second fence like a ton of brick. It sounded like a horse trying to kick the fence down. I did not follow and do not believe I hit my mark."

Mrs. Birchett's Loss.
Mrs. Sarah Birchett, of 1339 South Sixth street, formerly matron at the old city hospital, lost fifteen chickens last night. The thieves took the chickens from the hen house and awakened no one.

"TRUST BUSTIN"

SCHEME OF SCHOOL SUPERIN- TENDENT SUCCEEDS.

Prof. Elson, of Cleveland, Ohio, Gets
Prices and Makes Concerns
Meet Them.

Cleveland, O., Aug. 24.—Superintendent of Schools W. H. Elson, has been doing some "trust busting" of social interest to all school boards and parents all over the country.

Elson wrote to the superintendents in all larger cities and got their prices on books desired. This year Cleveland needs a big supply of new text books, and with prices that other cities were paying, he wrote various concerns comprising the trust demanding some revision, and pointing out the fact that Cleveland has been paying as high as 25 cents per book more than other cities. He demanded the concerns to meet this figure. At first they refused to submit bids, but later bids were offered. School officials are pleased with the success of their efforts. Elson says the people of the country may be saved considerable money if their efforts are successful.

Two More Shocks.

Santiago, Chile, August 24.—Two more shocks were felt here last night. People are suffering from fear and inadequate shelter from a heavy down-pour of rain.

Chicken Thief Punished.

Lancaster, Ky., August 24.—John Diamond, colored, got three years for stealing a few chickens. Bright Mitchell, colored, got one year for stealing a turkey.

Whooping Cough Microbe.

Antwerp, August 24.—Dr. Gengue, of the Berlin school of medicine, reports the discovery of the whooping cough microbe. It is said to resemble the influenza microbe.

MAYOR JEALOUS OF CITY'S NAME

Wants to Know What The Engineer Meant.

Paducah's Brick Industries Seem to
Have Caused Mr. Alvord to
Suggest Their Use.

ALDERMEN PASS ORDINANCE

Mayor Yeiser's jealousy of the reputation of the Paducah city government caused him to spring a momentary sensation in the board of aldermen in session last night, when he was informed that Sanitary Engineer John W. Alvord, of Chicago, had said he provided only for brick construction of the sewer extension plans, because he understood that kind was favored here.

The mayor wanted to know what that meant, and suggested that the statement might reflect on some member of the city government. Nobody else had thought of it that way, and City Engineer Washington said he believed Mr. Alvord did not mean to convey the impression that anybody had told him that brick was preferable to concrete for the construction.

It was then suggested that, perhaps, Mr. Alvord recognized that the brick industry flourishes in Paducah, and, for this reason, he supposed the city would prefer to use some home products in the construction.

The ordinance was amended to conform to the plans and adopted. Then the board adjourned to meet this afternoon at 1:30 o'clock.

The board of aldermen is completing the second passage of the sewer ordinance this afternoon, and Mayor Yeiser called the board of councilmen to meet tonight in special session to pass the sewer ordinance on its first reading and consider a street improvement measure.

WITH A BRICK

SCOTT RAY IS SAID TO HAVE STRUCK EMMA SIMS.

Woman Has Serious Wound in the
Head, Which May Prove Fatal
—Warrant Out.

Scott Ray, colored, is wanted by the police and if caught will be held pending the result of Emma Sims' wounds, said to have been inflicted by Ray last night in a fight. It is said that Ray and the Sims woman had been going together and that last night he became enraged at attentions paid her by another man. The woman argued with him and Ray threw a brick at her, it is charged, striking her in the head. It is said the wound may prove fatal. The woman was not able to appear at the city hall, and the warrant was issued at the instance of policemen who investigated the case.

BOYCOTT ASSOCIATION

Promotes Movement and American
Consul Protests.

Shanghai, August 24.—A strong protest has been sent the viceroy at Canton by the American consul general here against the propaganda of the Chinese Boycott association, organized for the purpose of boycotting American goods. The association shows great activity in pushing the boycott against the United States and the consul general demands that it shall be suppressed.

Begins Regulations at Once.

Washington, D. C., Aug. 24.—Internal Revenue Commissioner John W. Yerkes returned to his office today and took up a large amount of work that has accumulated during his absence in Europe. "I shall begin the preparation of regulations to enforce the denaturalized alcohol law immediately," said Col. Yerkes.

Parole Is Continued.

Montgomery, Ala., August 24.—The governor has suspended his revocation of the parole of Joe Winter of Cherokee county because of the illness of the accused.

Brazil Votes \$666,000 for Aid.
Rio De Janeiro, Aug. 24.—The Brazilian congress has voted \$666,000 for the relief of sufferers by the earthquake at Valparaiso.

BODY OF UNKNOWN MAN BURIED BY THE CORONER

COULD NOT KEEP IT ANY LONGER

No One Has Yet Been Able to
Identify It.

Chief of Police Collins Says He Is
Working on the Case and Expects
Results.

SEVERAL THEORIES ADVANCED.

The body of the unknown young man found unconscious and with his head crushed in near Sixth and Terrell streets Wednesday morning, was buried by Coroner Frank Baker yesterday afternoon in the county graveyard and the police are investigating the case.

"We will find out the young man's name, where he lives, and who assaulted him," Chief of Police James Collins stated this morning. "We are handicapped by the fact that no plain clothes men are available, but I am personally looking into the matter and hope to have something definite to report by night or tomorrow some time."

Chief Collins would not express a theory but this is his way of going about his business. Chief Collins is of the opinion that the man lived near Paducah because of his wearing Paducah clothes. The clothes were neat and he is presumed to have been in good circumstances. The fact that he has not been identified will not materially interfere with the plans of the police, it is stated.

Plain Clothes Men.

"The mere name of plain clothes men helps to such an extent that one would hardly believe the effect it has," Chief Collins declared. "When we had plain clothes men it was not long before crime became scarce and we had little trouble. Since the men were taken off, however, we have been able to do little. The reputation of plain clothes men in a town is the best advertisement for criminals to stay out, and they do."

Yesterday morning an appeal was made to private Detective Will Baker but he would not take the case. Mr. Baker is otherwise employed. The case, according to Mr. Baker, would not prove such a baffling one if gone about right.

Chief of Police Collins stated that he understood that Coroner Frank Baker would not bury the body until a day or two, but would embalm and keep it for identification. Numerous telephone messages were received last evening and this morning about the corpse but no one was invited to identify it, because of the fact that it had been buried.

"I buried the body yesterday afternoon because it was impossible to keep him any longer, so rapid was decomposition in this hot weather," the coroner stated. "I did not have him embalm because the head was in such a condition that it would probably have decomposed anyway. The face was in a battered and bruised condition and even to an intimate associate, would have been hard to recognize."

Many Theories Advanced.

Theory after theory has been advanced. One is that the man could have been brought from the river to the place where it was found. It is possible, some think, that the crime was committed in Brookport or some nearby river town and the body brought here in a skiff and carried to the scene. One thing is certain the man did not walk after being struck.

Lee Watson, of Cairo, telephoned the police headquarters this morning asking about the body, for a description and facts. He was referred to the Matti-Efinger Undertaking company, and talked to Mr. Pat Huey for twenty minutes over the long distance. He thought it might be his son, who has been missing from Cairo for some time. The son was only 16 years old, and the description does not fit. Mr. Watson is positive that it is not his son.

John Sharp Coming Home.
Queenstown, August 24.—The White Star line steamer Majestic, which sailed from Liverpool yesterday and from this port today, took among her passengers Congressman John Sharp Williams.

Start for Siberia.

Moscow, August 24.—One hundred and sixty political prisoners exiled by administrative order started for Siberia today. Companies of the revolutionary druzhina (armed organization) are not only being drilled regularly in the woods outside this city, but are being trained in rifle practice.

"A base hit by Wright and a costly
error by Myers lost the game for
the locals yesterday."

This is the way the Cairo Bulletin
frames up yesterday's 1 to 0 con-
test. The fact that Wright secured
the hit looked good enough to Pa-
ducah fans, and if this is how the
Bulletin is going to beef about one
little measly error, the Cairo fans
might take into consideration the
fact that all the games except one,
won by the Hashlingers in Paducah,
were given away by the Indians.

"The score was made in the fifth in-
ning with two men out. Cooper sin-
gled, Lloyd sacrificed. Downing fled
out and Wright hit a single to My-
ers. The Bulletin says that Myers let
it get away, yet calls it a single.
Cooper made for home and Myers
did not throw true. It is said by the
man on the fence that Cooper had
the base a "country block."

If any major league scouts have
been in and about Paducah they did

thought that they wanted to be
"shown" and not have several dubs
"piped" off to them for a commission
and then have them fall down. It
is better to spend the money on the
circuit and see what is what.

It is rumored that "Chief" Lloyd

NEWS OF KENTUCKY

Lexington, Ky., August 24.—The
tables were completely turned here
yesterday when W. B. Wilkerson,
owner of an automobile, had W. M.
Sellers, a milk-wagon driver, arrest-
ed for alleged injury to his ma-
chine. Sellers stopped his wagon di-
rectly in the rear of the auto, and
when the mule smelt the odor from
the horseless vehicle she pounced
upon it with both feet. When Sellers
and several bystanders had extricat-
ed the animal the machine was dam-
aged almost beyond repair. Sellers
was held to the grand jury on a
charge of injuring private property.

A Runaway.

Wickliffe, Ky., August 24.—Wick-
liffe was much aroused last evening
over the result of a runaway which
occurred there and in which Mrs.
M. H. Kane and her baby were seri-
ously injured. Mr. Kane, cashier of
the First National bank, was out
driving with his family and left them
in the buggy momentarily to attend
to some business. The horse took
fright at something and ran away.
The buggy was wrecked and its oc-
cupants were thrown violently to the
ground.

McCreary Accepts Challenge.

Senator James B. McCreary yester-
day addressed a letter to Govern-
or Beckham accepting the invita-
tion to discuss the issues between
them to a joint debate and a meeting
will be held probably next week, at
which time the details of the debates
will be arranged. Senator McCreary
suggests in his letter that the peo-
ple of the state should have an op-
portunity to hear the discussion.

Headquarters Opened.

Louisville, August 24.—Chair-
man Mott Ayres, of the Democratic
state executive committee has open-
ed headquarters in rooms 731 and
733 of the Seelbach. Mr. Ayres and
C. E. Wright, the assistant secretary,
are in charge. The headquarters will
also be used for the preparations for
the Democratic state primary, and
will be the center of Democratic po-
litics.

Burglars Rob a Post-Office.

Lexington, Ky., August 24.—Bur-
glars broke into the post-office at
Salt Lick, in Bath county, last night,
and secured some \$50 in money and
stamps from the safe. Capt. Milliken,
of Wilmore, has been sent for and
will arrive with his bloodhounds
this afternoon to attempt to trace
the robbers.

Nature's Way Is Best.

The function strengthening and tissue
building plan of treating chronic, linger-
ing and obstinate cases of disease as
pursued by Dr. Pierce, is following after
Nature's plan of restoring health.

He uses natural remedies, that is
extracts from native medicinal roots,
prepared by processes wrought out by
the expenditure of much time and
money, without the use of alcohol, and
by skillful combination in just the right
proportions.

Used as ingredients of Dr. Pierce's
Golden Medical Discovery, Black Cherry-
bark, Queen's root, Golden Seal root,
Bloodroot and Stone root, specially exert
their influence in cases of lung, bronchial
and throat troubles, and this "Discov-
ery" is, therefore, a sovereign remedy
for bronchitis, laryngitis, chronic coughs,
catarrh and kindred ailments.

The above native roots also have the
strongest possible endorsement from the
leading medical writers, of all the several
schools of practice, for the cure not only
of the diseases named above but also for
indigestion, torpor of liver, or bilious-
ness, obstinate constipation, kidney and
bladder troubles and catarrh, no matter
where located.

You don't have to take Dr. Pierce's
say-so alone as to this; what he claims
for his "Discovery" is backed up by the
writings of the most eminent men in the
medical profession. A request by postal
card or letter, addressed to Dr. R. V.
Pierce, Buffalo, N. Y., for a little book
of extracts from eminent medical au-
thorities endorsing the ingredients of his
medicines, will bring a little book free
that is worthy of your attention. If
needing a good, safe, reliable remedy of
known composition for the cure of almost
any chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure con-
stipation. One little "Pellet" is a gentle
laxative, and two a mild cathartic.

The most valuable book for both men
and women is Dr. Pierce's
Common Sense Medical Ad-
viser. A splendid 1008-page
volume, with engravings
and colored plates. A copy,
if properly sent, will be sent
to anyone sending 21 cents
in one-cent stamps, to pay
the cost of mailing only, to
Dr. R. V. Pierce, Buffalo, N. Y.
Cloth-bound, 51 stamps.

Theatrical Notes

It was a typical, if not a house-
capacity audience that attended the
opening of the Kentucky theater last
night to witness "His Highness, The
Pey." Manager Roberts had prepared
everything for the comfort and pleas-
ure of his guests, and the sweet orien-
tal scent of joss sticks took the place
of the usual dusty aroma of a newly
cleaned room, while 300 plants of all
varieties filled the foyer and lobby.
Electric fans in all parts of the house
kept the air in motion and prevented
discomfort.

The performance was enjoyable and
several catchy numbers, including
"Not Because Your Hair Is Curly,"
were sung. Laconic Johnny Fogarty,
whose face is his fortune and plump
Mabel Addington, as the stenographer,
made a hit.

"A Soap Bubble" Tonight.

"A Soap Bubble," that airy thing,
the product of Montgomery Chater,
dramatic editor of the Cincinnati Com-
mercial Tribune in one of his less se-
rious moments, will be the bill at the
Kentucky theater tonight. The com-
pany is said to be a good one, and the
fragile plot is interspersed with pleas-
ing specialties, just the kind for warm
weather.

A girl can never turn her mind to
other things with any degree of con-

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells
How Lydia E. Pinkham's Vegetable
Compound Made Her Well.

It is with great pleasure we publish
the following letters, as they convinc-
ingly prove the claim we have so many
times made in our columns that Mrs.

Mrs. Mary Dimmick

Pinkham, of Lynn, Mass., is fully qual-
ified to give helpful advice to sick women.
Read Mrs. Dimmick's letters.

Her first letter:

"I have been a sufferer for the past eight
years with a trouble which first originated
from painful periods—the pains were excruciat-
ing, with inflammation and ulceration of the
female organs. The doctor says I must have
an operation or I cannot live. I do not want
to submit to an operation if I can possibly
avoid it. Please help me."—Mrs. Mary
Dimmick, Washington, D. C.

Her second letter:

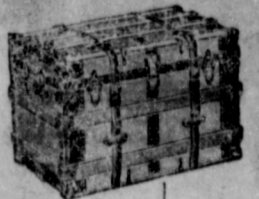

"Dear Mrs. Pinkham:—
You will remember my condition when I
last wrote you, and that the doctor said I
must have an operation or I could not live.
I received your kind letter and followed your
advice very carefully and am now entirely
well. As my case was so serious it seems a
miracle that I am cured. I know that I owe
not only my health but my life to Lydia E.
Pinkham's Vegetable Compound and to your
advice. I can walk miles without an ache or
a pain, and I wish every suffering woman
would read this letter and realize what you
can do for them."—Mrs. Mary Dimmick, 50th
and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to
write to Mrs. Pinkham at Lynn, Mass.,
and how little it cost her—a two-cent
stamp. Yet how valuable was the reply!
As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham has on file thousands
of just such letters as the above, and
offers ailing women helpful advice.

'Tis Said "Begin at the Bottom to Succeed."

TWENTY-TWO years ago we began fitting shoes in Paducah. The success attained we leave to you to decide. Good values and close attention to the wants of the people, with courteous, fair treatment accounts in large measure for our success in building up the largest retail shoe business ever done in our fair city. **WE MAKE A SPECIALTY** of Infants' and Children's Shoes, suitable in weight and wearing qualities for the growing lads and lassies for school use. Our stock was never so large as now, and at the lowest popular prices.

Great care should be exercised in selecting school shoes. If the child has on a pair of ill fitting shoes and its feet are not comfortable you can rest assured the lessons will be poorly studied. Our long experience in fitting shoes makes us thoroughly competent to fit your child. If you find it inconvenient to accompany the children, just send them to use. We will fit them correctly.

REVOKED

ARE PERMITS FOR CHILDREN
TO WORK IN FACTORIES.

County Judge Lightfoot Asks the
Employers to Send Minors to
His Office Again.

As the result of the visit of Labor Inspector Thomas J. Scally, County Judge R. T. Lightfoot has revoked all permits for children under the age of 16 years to work in factories. He has issued dozens of permits when it was shown that the labor of the child was necessary to assist the parents in taking care of the family. Many of these were issued during vacation, but as the school term is nearly here he will revoke the permits August 28. The letter announcing was sent to the proprietor nouncing this was sent to the proprietor of every factory. The letter follows:

"Paducah, Ky., August 23, 1906.
"Gentlemen: You are hereby notified that all permits signed by me granting permission to children under the age of 16 years to work in your factory will be considered as revoked on the 28th day of August, 1906. I am very desirous that the law be strictly complied with as to children attending school, and notify you, as I do, in order that I may assist the school officers in securing the attendance of the children.

"I have no doubt that there are many children employed at your factory who are the sole reliance of their parents. In fact, I know of many of them to be children of parents who are unable to earn a livelihood whatever and it is my purpose to make exceptions in such cases and renew permits. I do not wish to disturb business more than is absolutely necessary in going over the permits, and I kindly ask you to let the little fellows come to me from the 25th up to and including the 28th. By letting a few come at a time there will be less interference with the affairs of your concern.

"Any personal information you may have that will enable me to properly pass upon the renewal or discontinuance of permits, will be appreciated. Yours respectfully,
"R. T. LIGHTFOOT,
"County Judge."

A Poser.

An old warrior in speaking recently about Gen. Butler, said: "Butler was a terror, and torment to the judges. On one occasion Judge Sanger, having been bullied and bargered out of all patience, petulantly asked: 'What does the counsel support I am on this bench for?'" "Scratching his head for a minute, Butler replied: 'Well I confess Your Honor's got me there.'"

"And Mabel has actually married a Pittsburg millionaire?"

"Yes. He seemed to be the only millionaire she could get."—Cleveland Plain Dealer.

FEED BILL

WILL BE SAVED BY RAISING
CROPS.

Chief Wood Will Employ Man to
Farm Twenty Acres of Past
House Property.

Fire Chief James Wood is completing his plans for next year's crop of corn and hay on the old past house property, and thinks he will save the city about \$1,000 per annum by raising the corn and hay on city property.

"The general council allowed me one farm hand to work the crop, and I have 20 acres of corn planted," Chief Wood stated. "I will next year put in timothy hay and we will have enough feed for the city's horses to last the year around. Our feed bill now is about \$1,500 a year."

BABY'S WHIM SAVES ITS LIFE.

Child Strikes Aside a Poison Offered
Through a Druggist's Error.

Norfolk, Va., Aug. 24.—A baby's whim that led it to dash from its mother's hand a powder that the mother was about to give to the child saved the latter's life today. Mrs. Frank Eberle had sent to a druggist for medicine for her 4-months-old infant. When the medicine arrived the mother opened one of the powders and started to pour it on the tongue of the baby. The child was waving its arms, and before any of the powder touched its tongue it knocked the paper from the mother's hand. Mrs. Eberle called for another powder, and was in the act of placing it in the baby's mouth when she heard the servant crying at the top of her voice:

"Mrs. Eberle, don't give the baby that medicine."

The maid repeated the warning as she hurried upstairs. She informed Mrs. Eberle the druggist had telephoned that a mistake had been made in the prescription and a dangerous poison had been sent to her.

WILL OPPOSE UNITED STATES.

Club Formed in Costa Rica Hostile to
Uncle Sam.

San Jose, Costa Rica, Aug. 24.—At a preliminary meeting of the American club today the views and objects of that organization were formulated. It is declared to be the purpose of the club "to work for the union of Latin America and to be prepared to oppose the United States in its work of annihilation of Latin American commercial independence." The Monroe doctrine, in President Roosevelt's point of view, is declared to be a menace to all Latin American countries. The program adopted declares that the association is not formed against the United States, but in opposition to the alleged purpose of that country. The motto of the club, with which it proposes to conduct a propaganda, is: "Latin America for the world and the world of humanity."

Daily Thought.

"A reasonable word of commenda-
tion will hurt no honest soul in love
with its work."

We do not accept the judgment,
that because six men have been drop-
ped from the Paducah police force,
the remaining members, with their of-
ficers, are unable to cope with the
North Sixth street murder mystery.
Numbers have nothing to do with the
ability to solve a criminal problem.
That is a matter of efficiency of or-
ganization and individual talent. That
the unknown man who died yesterday
morning at the hospital, was murdered
no one can doubt, and we believe that
Chief Collins and his men can find out
who murdered him. The efforts of
the department should be concentrated
in the endeavor to bring the perpetra-
tors of this hideous crime to justice.
The best preventative of crime is the
prompt detection and arrest of of-
fenders, followed by speedy and inex-
orable justice. When perpetrators of
recent outrages have been brought to
justice, Chief Collins and his men will
have won the hearty support of the
citizens and will be granted every
request they make.

Beckham has thrown down the
gauntlet and McCreary has picked it
up, and we are to be entertained with
a series of joint debates. We think
we see the motive of the challenge.
Governor Beckham intends to get Sen-
ator McCreary on the stand with him
and then hurl in McCreary's teeth all
the nice things the senator said about
the governor in previous campaigns.
Now, if Senator McCreary can rake
up some nice things the governor said
about him, the situation may become
amusing. At all events, we hope they
will speak in our town.

Jerome is going to run for gov-
ernor on a platform incorporating the
ten commandments. If he intends to
stand pat on that platform, we fear
he will find a majority of his con-
stituents in New York are in favor of
a revision of the decalogue.

The postoffice department has de-
cided to abolish the system of firing
employees for errors and irregularities.
That appears sensible. A better plan
would be to reward efficiency and dis-
charge incompetents.

New York grand jurors got cold
feet when they approached that ice
trust investigation; but the district
attorney thinks, if the grand jury
wakes up to the subject, somebody
will thaw out.

No righteous man can be put out of
business by reason of his righteous-
ness. That is an important element
of success, if the righteousness enters
into the standard of his goods.

An upward turn of the market sent
another New York broker to the wall.
That's why they call it Wall Street.

Uncle Sam may have to look after
his poster child, Cuba, again.

HEPBURN BILL

Will Bring About Some Drastic
Changes Tuesday.

Memphis, Aug. 24.—Memphis trans-
portation lines are anxiously expect-
ing news from a Washington conference
that will prevent a literal interpreta-
tion of the Hepburn interstate com-
merce act. Under the letter of the
law, after next Tuesday there will be
the following changes:

No more stop-over tickets issued.
No extension of time granted on
tickets.

No theatrical or party rates.
No tickets sold to any town unless
printed rates are quoted to that point.
No passes issued except to a small
coterie of persons excepted by special
provision.

No reduced rates except to the
clergy and to objects of public charity.
No excursion rates to any point
across the state line.

No special rates under any condi-
tions unless thirty days' notice has
been given to the Washington officials.
No changes in freight rates until
notice has been filed in Washington
thirty days and the revised rates
posted as provided for by the Hepburn
act.

ON FIRST BALLOT.

Hoke Smith to Be Nominated With
304 Votes.

Atlanta, Ga., Aug. 24.—Practically
complete returns from all counties in
the state received up to today show
that in yesterday's Democratic pri-
maries Hoke Smith carried 118 coun-
ties for governor, R. B. Russell, 11;
Clark Howell, 9; J. H. Estill, 4, and
James M. Smith, 3.

This will give each, in the state
convention which meets at Macon
Sept. 4, the following vote, insuring
the nomination of Hoke Smith on the
first ballot by an overwhelming vote:
Hoke Smith, 304; Russell, 26; How-
ell, 8; Estill, 12; J. M. Smith, 6.

TALK POLITICS.

President Roosevelt and Postmaster
Cortelyou Hold Conference.

Oyster Bay, N. Y., Aug. 24.—Presi-
dent Roosevelt today consulted with
Postmaster General Cortelyou, who is
also chairman of the Republican
national committee. Mr. Cortelyou
has a summer home at Hunt Ginton,
Long Island, and drove to Sagamore
Hill this morning.

It is believed that the president's
keen interest in the congressional
campaign has prompted him to gather
political information from every source
and that Mr. Cortelyou's discussion
with him was mainly on the political
situation.

PICNIC FOR POOR.

Enjoyable Time Had By Little Ones
Who Thank Benefactors.

Two big moving vans filled with the
little children of the poor went from
the Union Rescue Mission to Thomp-
son's grove yesterday morning and
came back safely at 6 o'clock after a
happy day spent in the woods. The
affair was arranged by the Rev. R. W.
Chiles and wife, of the mission. The
following assisted in caring for the
children: The Rev. William Bour-
quin, Mesdames Logan, Lloyd and
Sargent and Mitchell, of Paducah, and
Mesdames Morris, King and Thomp-
son, of the county.

DINE WITH NEWSPAPER MEN.

Part of Bryan Reception Program Is
Given Out.

New York, Aug. 24.—At a meeting
today of the committee which has
charge of the reception to W. J. Bryan,
Harry M. Walker, chairman of the
press committee, announced that he
has received a letter from Mr. Bryan,
mailed when he left Gibraltar, accept-
ing an invitation to dine with the
newspaper men at the Waldorf-Astoria
on the evening of Saturday, Sep-
tember 1.

COLQUITT AFTER TOGA.

Charges Senator With His Defeat in
the Governorship Race.

Fort Worth, Tex., August 24.—
Railroad Commissioner Colquitt and
his friends are preparing to bring
out the commissioner as a candidate
for the United States senate against
Bailey. Colquitt is declared to have
a large following in the legislature,
which meets in January, while Bai-
ley will be handicapped by his con-
nection with the Waters-Pierce oil
company, now under investigation
by the attorney general. Colquitt
ascribes his defeat in the race for
governor to Bailey.

Cloudburst at El Paso.

El Paso, Tex., August 24.—The
heaviest rain in nine years fell here
last night, the total precipitation be-
ing 2.44 inches in two hours. Many
Mexican houses collapsed and the
streets were badly washed. The rail-
roads are all damaged.

SHOULD BE CONSISTENT.

Mr. Jealous (her fiancé): "I really believe that you permit other men to
kiss you."
Miss Dashing: "Surely you don't object. You've always declared you were
opposed to monopolies."

DEATHS OF A DAY

Mrs. Mary C. Vaughan.

Mrs. Mary C. Vaughan, 59 years
old, one of the oldest and most es-
timable residents of this county, died
at Riverside hospital last night at
11:30 o'clock as the result of an op-
eration. Her death was sudden and
the news will be a shock to her nu-
merous friends and acquaintances. The
deceased was born at Grundy Hill,
this county, October 26, 1847, and
was the daughter of John and Mar-
tha Grundy. She was married to Ed-
ward Walton Vaughan December
29, 1870, and resided at the Terrell
home on North Seventh street be-
tween Jefferson and Monroe streets
all her life. She is survived by her
mother, Mrs. Martha Grundy Terrell;
her sister, Miss Nannie Terrell,
and the following children: Mr. Hor-
ace Vaughan, Louisville; Mrs. George
C. Vernon, New Orleans; Mrs. Robert
Leland Chicago, and Mr. Edward
Vaughan, Paducah. She had two
step-daughters: Mrs. Frank Parham
and Mrs. H. C. Overby.

The funeral will take place tomor-
row afternoon at 4 o'clock at the
residence 227 North Seventh street.
The burial will be in Oak Grove cem-
etery. The Rev. B. W. Bass will con-
duct the services. The pall-bearers
will be: Active—Frank Scott, Dr.
Dahney, Gus Thompson, Richard
Rudy, William Hughes, George C.
Wallace, Saunders Fowler and Eli
Boone. Honorary—George C.
Thompson, Judge James Campbell,
Charles Rieke, Lineas Orme, Robert
Noble and Henry Rankin.

Roxie Wilson.

Roxie Wilson, 33 years old, died at
her home at 1 o'clock this afternoon
three hours after being removed from
Riverside hospital. She had dysentery.
She was taken from her home, 612
Flournoy street, several weeks ago to
Riverside and this morning was con-
sidered well enough to be taken home.
She was conveyed there in the Nance
undertaking ambulance. The funeral
will be held tomorrow.

Miss Mamie Laidecker.

Miss Mamie Laidecker, of the Hus-
bands road, in the county, died this
morning at 1:15 o'clock of consump-
tion after a lingering illness. She
was 20 years old and leaves a mother
and four sisters. The funeral will be
held this afternoon at 4 o'clock at the
Herzog cemetery.

W. L. Jones' Infant.

The infant of Mr. and Mrs. W. L.
Jones, of the Mayfield road, died
yesterday evening at 6 o'clock and
was buried this morning at 10
o'clock at the family burial grounds.

Quake in Upper Silesia.

Berlin, Aug. 24.—A sharp earth-
quake shock was felt today at Zabrze,
near Katowitz Upper Silesia. Doors
were forced open, pictures and mir-
rors fell to the floor and the fright-
ened inhabitants fled into the street.
The walls of a number of houses were
cracked.

Fever Saturation Unchanged.

New Iberia, La., August 24.—The
following is Dr. Irion's statement on
the yellow fever situation here:
"Situation unchanged; no new
cases. Sanitary work progressing
rapidly. Source infection not discov-
ered."

IN THE COURTS

In Police Court.

Three felony cases comprised the
police court docket today. Thomas
Norfleet was held over for obtaining
money by false pretenses. He was
accused of taking a watch from Emma
Yates and pawning it to Alex McClan-
ahan for \$2. The charge of obtaining
property from the Yates woman by
false pretenses, was yesterday dis-
missed, but today he was "stuck" for
pawning the watch as his own.

The case against Frank Craner for
the alleged robbery of George Balm,
steward on the Charles Turner, was
continued.

The case against Tim Nalligan,
charged with stealing \$35 from Bet-
tie Berger, was continued.

Suits Filed.

The following suits were filed in
circuit court: M. E. Wolf, executor
of S. A. Wolf, against G. W. Oliver
and J. W. Hughes on a note of \$200,
with interest.

M. E. Wolf, administrator of S. A.
Wolf, against J. W. Hughes on a
note of \$100 with interest.

Fred Rohman against the Paducah
Traction company for \$5,000
damages for personal injuries. He
states that on the morning of July
5 he attempted to board a car at
Fourth street and Broadway and the
motorman started up before he was on.

JEALOUSY SPEEDS TWO BULLETS

One Kills Fred Soucy, the Other Fa-
tally Wounds His Paramour.

Sioux City, Iowa, Aug. 24.—Fred
Soucy, alias Frank Smith, today shot
his paramour, Annie Ingebrigtson,
three times, each bullet taking effect,
and then turned the smoking revolver
upon himself and died instantly with
one bullet through the temple. The
girl is still living, but her wounds
probably are of a fatal nature. The
girl went out with another man on
the previous night and Soucy got
angry.

STARVING; THREE DIE IN RIVER

Woman Ends Lives of Two Children
and Herself for Want of Bread.

Fort Worth, Tex., August 24.—A
report from Landale says that Mrs.
Foster, a woman living in town, told
a physician a few days ago that she
and her two children were starving
and yesterday a negro who was fish-
ing in the Sabine river caught the
woman's body on one of his lines.
It is believed she drowned herself
and children. The river was dredged
today for the bodies of the children,
but they were not recovered.

DRAGO DOCTRINE.

American Conference Unanimously
Recommends Submission.

Rio De Janeiro, August 24.—The
international American conference
today adopted with a slight techni-
cal modification the Mexican con-
vention relative to the exercise of the
liberal professions.

The resolution recommending the
submission of the Drago doctrine on
the matter of the use of force for the
collection of public debts to The
Hague tribunal was adopted unani-
mously.

ROUP HEIRS CLAIM \$100,000,000.

Ten of Them in Waukesha Expect to
Share German Estate.

Waukesha, Wis., August 24.—
Ten residents of this city claim to be
heirs to the estate of the late Mi-
chael Roup, a brewer of Germany,
who left a fortune of \$100,000,000.
Edward Roup of Buffalo came here
today and after consulting with him
the ten Waukesha heirs signed af-
davits affirming their kinship with
the deceased brewer. There are said
to be thirteen heirs in all. The
Waukesha heirs are: Mrs. Michael
Holman, Mrs. Henry Grota, Gilbert,
George and John Harter, Mrs. Eliza-
beth Bowers Mrs. Sarah Maher,
Mrs. Louisa Brown and the children
of Mrs. Jacob Meyer. The German

KILLS WIFE; ONE DAY IN JAIL

Denver Man Receives an Uncommon
Sentence From Judge Mullins.

Denver, August 24.—One day in
jail was the sentence imposed by
Judge John I. Mullins on Charles
Pennington for killing his wife, An-
astasia Pennington, with his fist. The
testimony in Pennington's case showed
the woman was intoxicated and quar-
relsome when Pennington struck her
in the face with his fist, causing her
weak heart to cease beating. Judge
Mullins has tried two similar
cases heretofore and his sentences
were in each case one day in jail.

ILLINOIS REPUBLICANS.

In their state convention yesterday
at Springfield the Illinois Republicans
did a good day's work for their party
throughout the state, and part of that
work will be of interest to the people
of the whole country. The convention
framed a platform which is in line
with the position taken by the Repub-
licans of the nation on the great is-
sues of the time. It presented Speak-
er Cannon to the rest of the Repub-
licans of the country as Illinois' choice
for the presidential nomination in
1908; urged the re-election, by the
legislature of Shelby M. Cullom to the
senate, and nominated John F. Smu-
ski for state treasurer, Francis G.
Blair for superintendent of public in-
struction, and Mrs. Carrie S. Alexan-
der, Fred Hatch, Alexander McLain
and L. I. Lehman (short term) for
trustees of the state university.

Illinois is a Republican state. The
ticket put up at Springfield for the
suffrages of the people in November
will be elected. Senator Cullom will
be chosen for another term. At the
completion of that term, in 1912, Mr.
Cullom will have been thirty years in
the senate, a duration which has been
exceeded by very few persons. Mr.
Cannon has the advantage in being
placed in the field for the nomination
of 1908 earlier than any other presi-
dential aspirant. Neither Indiana,
Ohio nor any other state has, in a
state convention, announced any fa-
vorite son for the candidacy two years
hence. Mr. Cannon thus is put for-
ward for the big office early enough
to give his boom a momentum which
will be likely to count for a good deal
in the presidential convention.

In 1904 Roosevelt carried Illinois
by 305,000, which was far ahead of
any margin ever gained by a candidate
previous to that time in that state.
The largest before that year was Mc-
Kinley's 142,000 lead in 1896. Nei-
ther of these figures will be reached by
the nominees for minor state offices
which were named at Springfield yester-
day. But the Republican candi-
date for state treasurer in 1902 rolled
up a plurality of 89,000. Mr. Smu-
ski will probably do as well as this.
Illinois, like the rest of the country,
has been vastly benefited by the pol-
icy of the Republican party, and it
will show its appreciation of this fac-
tor in a practical way in the coming elec-
tion. The majority for the Spring-
field ticket on November 6 will show
that Illinois retains her place near the
head of the republican procession.

Florists Elect Officers.

Dayton, O., August 24.—In the
national convention of the Society
of American Florists and Ornament-
al Horticulturists the following of-
ficers were elected: President, W. J.
Stewart, of Boston; vice president,
John Westcott, of Buffalo; secre-
tary, P. J. Hausworth, of Chicago;
treasurer, H. B. Beatty, of Pittsburg;
Prizes in landscape gardening and
garden architecture were awarded to
Gordon Taylor, of New York; J. Olm-
stead of Brooklyn; John A. Freu-
denberger, and P. Sheile, of Dayton.

Invite Bryan to Debate.

Cincinnati, Aug. 24.—An invita-
tion to Wm. J. Bryan to debate, in
this city on Sept. 9, the question of
Socialism with some representative of
the Socialist party, was today mailed
to Mr. Bryan at New York by Nicho-
las Klein, state secretary of the party.
The invitation was given because of
Mr. Bryan's utterances while abroad
on Socialism. The invitation was
signed by the "Socialist Party of Cin-
cinnati."

BETTER PRICES FOR TOBACCO

Sought by Dark Tobacco Growers at a
Meeting in Clarksville.

Clarksville, Tenn., Aug. 24.—A
meeting of farmers from all over the
dark tobacco district was held here
yesterday pursuant to a call recently
issued for the purpose of considering
plans for facilitating the selling of
tobacco at better prices. About 300
farmers, over 200 of whom were mem-
bers of the association, were present.
Speeches were made by the Hon. C.
P. Warfield, M. H. Clark, E. P. Mar-
tin, J. M. Hunt and others. A com-
mittee was appointed to draw up res-
olutions, which were unanimously
adopted.

Demolish 3,000 Houses.

Santiago, Chile, Aug. 24.—It was
announced today that the ministry
of public works had been advised that
it will be necessary to demolish more
than 3,000 houses here as the result
of damages which they received dur-
ing the recent earth shocks.

"UNCLE JOE" WILLING.

But He Will Not Go Out After the
Presidential Nomination.

Plattsburg, N. Y., Aug. 24.—
Speaker Cannon arrived at the sum-
mer home of J. C. Shibley, of Pennsylv-
ania, from New York, yesterday. He
knew nothing of the resolutions adopt-
ed by the Illinois state convention in-
dorsing him for the presidency until
he saw the papers, and said he was
very grateful to the people of his
state for their action, but he was in
no sense an active candidate for the
nomination. When asked if he would
accept it if it was tendered him, he
said no man should decline so high an
honor at the hands of his party.

Purchase of Silver.

Washington, August 4.—The
director of the mint today purchased
100,000 ounces of silver at 67 cents
an ounce to be delivered at New Or-
leans. The price paid last week was
66.62 cents.

Plot to Poison Trepoff.

St. Petersburg, Aug. 24.—A story
is in circulation here that an attempt
has been made to poison Gen. Trepoff,
commandant of the Imperial Palace,
whose illness has just been announced.
The general's cook and three other
servants have been arrested, it is said.

New Black and Plaid Skirts for Fall

Have come in and they are pretty, too. Are you going away? If you are we have some pretty early fall clothes for you. See them.

LOCAL LINES.

—For Dr. Pendley ring 416.
—C. L. Brunson & Co. have moved their flower store to 529 Broadway.
—Leslie Purdy, a well-known young man of 216 Adams street, fell at Fifth street and Broadway last night about 9 o'clock and wrenched his shoulder and back. He was trying to catch a car and was running fast when he fell. Dr. Pendley attended him.
—Dr. Gilbert, Osteopath, 400 1-2 Broadway, Phone 196.
—The choir at the First Baptist church will meet at 7:30 o'clock Saturday night for practice. All members are requested to be present at that hour.

—Noah's Ark has just received 100 dozen Jelly glasses, 25c per doz.
—Mrs. J. C. Wooley, of 1420 South Ninth street, was seized with a smothering spell last night about 7 o'clock and Dr. Carl M. Sears was summoned and administered to her.
—Excursion to Cairo Sunday, August 26, on the steamer George Cowling, given by the Herculaneum club. Fare for round trip 50 cents.

—Noah's Ark has just received 100 dozen Jelly glasses, 25c per doz.
—The members of the Second Baptist church, on Ninth and Ohio streets, held a business meeting last night and appointed a committee to correspond with various ministers. The present pastor, the Rev. E. H. Cunningham, resigned several weeks ago, but the resignation does not take effect for two months. The committee probably will have selected a pastor by that time.

—One load of our coal will make you an advertiser for us. Bradley Bros. Phone 339.

—This morning the street car company resumed work on its tracks on Ninth street into Broadway. The work had been delayed by the failure of the heavy curve to arrive, but it is here and is being put in today. This will give the company its line complete from First street and Broadway over Ninth and Jackson streets.

—The Sun office is prepared to furnish the very latest things in engraved or printed calling cards and invitations of any sort, and is making special prices now.

—Word has been received from William Gilbert, of this city, that somebody stole his watch on the excursion train going to Chicago.

—Old Reliable Carterville, Ill., washed out, and egg coal is the cheapest. Bradley Bros. Phone 339.

—A new wheel press was received by the Illinois Central today and will be set up at once. It is much larger and more powerful than the press now in use. The old press will be retained, the new one being used more for putting tires on engine wheels.

BURVING BODIES

Embarrasses Workers in Ruins of Valparaiso.

Valparaiso, Chile, Aug. 24.—Some of the business houses here reopened today for the first time since the earthquake. The city is still under martial law. Traffic ceases at 6 o'clock in the evening and everybody is compelled to take some part in the work of restoring normal conditions. One of the greatest difficulties encountered by the authorities is the interment of the bodies recovered from the ruins, as all the cemeteries were destroyed. At the various temporary morgues hundreds of coffins have accumulated awaiting the designation of their place of burial.

DRIVER FOR THE FIRE ENGINE.

The board of aldermen met last night and gave the sewerage ordinance first passage. It brought forth much discussion and had to be revised by the solicitor before it could be given first passage. The board also discussed the extension of the car line out Broadway to Nineteenth street and then to the Mayfield road. Alderman Farley fighting it. The franchise ordinance was passed. Other business was routine.

Alderman Chamblin was absent. Mayor Yeiser notified the board that he wanted a meeting at 1:30 this afternoon to give the sewerage ordinance second passage.

A letter was read from the Ayer-Lord Tie company and referred. It was relative to the taxes paid the city for 1902 and 1903 under protest, which the United States court of appeals decided in favor of the tie company.

A petition asking that an ordinance be adopted and passed to prevent vehicles from standing on Broadway more than a specified length of time. Alderman Hank stated that such an ordinance was now in effect, but Solicitor Campbell explained this was for express wagons and not vehicles in general. The main objection is of buggies standing on Broadway between Fifth and Sixth streets. The motion carried.

H. Weil & Co. was refused permission to close a public alley on Mill street at its brewery.

Mayor Yeiser nominated Mann W. Clark as a police commissioner, his term expiring last month. The nomination was ratified.

A bill for the deputy United States marshal for \$7 for serving summons in cases in federal court in which the city was the defendant, was referred.

Mayor Yeiser read a report from the treasurer and auditor relative to funds in city's hands. "The street fund is low, but the board ordered the work of street improvements to continue, the money to be taken from the contingent fund."

Alderman Miller suggested that no more street improvement work be mapped out for this year.

The N. C. & St. L. road asked for permission to construct a second "team track" at Sixth and Norton streets. The matter was referred.

An invitation for the legislative boards and city officials to appear in the parade on the opening night of the labor carnival in September was accepted.

A barrel or line was ordered spread at Seventh and Boyd streets.

The city jailer was instructed to put a lock on the council chamber so the room can be kept locked.

It was suggested that an ordinance prohibiting geese from running at large in the city be drafted. The board took no action.

The board members urged that unlicensed dogs be taken up.

Chief Collins stated he had no place to keep them. Mayor Yeiser stated that he could build a pen. Chief Collins stated the best way was to employ a dog catcher, but it was stated that the ordinance now in effect provided for the payment of 25 cents for each unlicensed dog delivered to the police.

The lower board stood to appoint a "dog catcher," and this action was ratified. He is to receive 25 cents for each dog he gets.

The city engineer was authorized to employ an engineer at \$125 per month. This was the action of the lower board. The engineer is to look after the No. 2 sewerage system.

The matter of grading Boyd near Seventh street, was favorably acted on. An ordinance repealing that portion of the license ordinance licensing "bucket shops" was ordered drafted.

The city clerk was instructed to buy 14 additional poll tax books. He ran short this number.

The report of the finance committee for bills, salaries, etc., amounting to \$4,600.87 was received and filed.

Ordinances Acted On.
Ordinance for grading and graveling Twenty-second street in the Glenswood addition. First reading.

Ordinance for grading and graveling Twenty-third street in the Glenswood addition. First reading.

Ordinance for the sale of a franchise on Broadway from Seventeenth street to Nineteenth street, thence out Nineteenth street to the old Mayfield road. First reading. Alderman Farley voted against it.

Ordinance regulating the building of dry wells in the city. Second reading.

Ordinance for sidewalks on Second

street from Washington street to Broadway. Second reading.

Ordinance for paving Second street from Broadway to Washington street. Second reading.

Ordinance for sidewalks on First street from Broadway to Washington street. Second reading.

Ordinance for sidewalks on Fountain avenue, from Jefferson street to Monroe street. Second reading.

Ordinance for grading Clay street from Seventeenth street to Nineteenth street. Held up on account of no plans having been made.

Engineer John W. Alvord has to make changes in the plans for the No. 2 sewerage system, and until the new plans are adopted the ordinance, in City Solicitor James Campbell's opinion, cannot be legally passed. A great deal of discussion followed. The question was if concrete or brick is better for use in constructing the man holes and for other work. The city has to select the material before the ordinance can be perfected for passage.

Engineer Washington did not think the city should jump in and go it blindly. The board did not want to delay the matter at all. Alderman Miller moved that concrete entirely be used in the construction of the system.

Alderman Palmer amended to specify in the ordinance the kind of material mentioned in the specifications for the system. The amendment carried and Solicitor Campbell was instructed to revise the ordinance accordingly.

The offer of Mrs. T. H. Puryear to sell 100 feet of ground at \$70 per foot necessary to open Tenth street from Broadway to Kentucky avenue, was accepted and the mayor was instructed to close the deal.

A petition for grading the Pool road in Little's addition was referred.

A dedication for an alley between Farley place, Meyers street and Clements street in Mechanicsburg, was accepted. The city will improve the alley at the property owners' expense.

One or two pieces of property will have to be condemned first. The solicitor will act at once.

A petition to gravel Kincaid avenue in Mechanicsburg was presented. It was accompanied by a remonstrance. The petition was received and filed.

Licenses Acted On.
B. J. Levy wanted a license between Kentucky avenue and Broadway on South Third street. Action deferred.

Action on the application of J. M. Keas at 825 Washington streets was deferred.

Several deeds and transfers to lots in Oak Grove cemetery were ratified.

Notification of the completion of water mains on West Madison between Sixteenth and Seventeenth streets was filed.

A petition for water main extension on Madison street from Seventeenth street out, was filed.

The fire and police commissioners were authorized to buy \$77 worth of lumber for building "drying boxes" for fire hose.

A resolution to employ a driver for the fire engine at No. 2 station was adopted, the rules were suspended and the resolution given second passage.

The driver is to be employed at once. The board of public works was asked to report progress in increasing the capacity of the lighting plant.

The ordinance for improving Twelfth street from Broadway to Clay street with sidewalks, was ordered.

The board of public works was ordered to place a street light between Campbell and Trimble streets on Eighth street.

Chairman Miller read a statement of the financial condition of the city as prepared by the treasurer and auditor. It was received and filed.

The auditor was asked to furnish each head of the departments a full financial statement.

The Sewerage Ordinance.
The sewerage ordinance was presented and it is quite lengthy, much space being given to the details of construction. Chairman Bell, of the ordinance committee, was permitted to remain seated while reading it, and it was given first passage.

The board then adjourned.

SERIOUS CUTTING BY RIVER ROUSTER

Louis Mitchell Flourishes a

Louis Jones of Paducah, Receives a
Serious Stab in Left Side and
On Hand.

MITCHELL IS UNDER ARREST

Another bravado play which culminated in a serious cutting, occurred on the steamer Kentucky running on the Tennessee river between Perryville and Johnsonville, yesterday morning at 5 o'clock, when Louis Mitchell stabbed Louis Jones in the left side with the four-inch blade of a barlow knife. Other slight wounds were inflicted on his left hand.

Mitchell was arrested when the boat reached Johnsonville and is being held by the authorities there.

According to the story of the wounded boy, for they were both under 20 years of age and not regular rousters on the boat, Mitchell was teasing him with the knife by throwing it at his feet and flourishing it before his face. Jones protested verbally to this play but to no avail. Finally Jones picked up a chair, as he says, to guard himself.

Mitchell then either deliberately or as a consequence of a wild flourish, reached around the chair and stabbed Jones in the left side, inflicting a deep but not necessarily fatal wound.

A white passenger on the boat, who witnessed the one-sided fight, corroborated the statement of the wounded boy, that Mitchell commenced the affair by teasing Jones.

Louis Jones, who was stabbed, lives in Paducah at the Edgewood gardens and Louis Mitchell gave his home as Chattanooga. Jones was removed from the steamer Kentucky, as a marine patient, to the Riverside hospital.

CHILDREN IN PAIN
Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial.

A Union of 2000 Stores
In a Single Powerful Chain

The World's Greatest Cigar Outlet

THERE are more than two thousand National Cigar Stands to-day; each an established local enterprise owned and conducted by a local resident, but with all their buying power concentrated into one tremendous co-operative whole,—two thousand stores that buy as one, yet sell individually and independently.

This is the greatest retail cigar outlet on earth, and consequently the greatest purchasing power ever known in the history of the tobacco business.

What this concentration of buying can accomplish by its huge operations, its cost-reducing methods and its straight-line distribution from producer to consumer, is well evidenced in

CUBA-ROMA
A Clear Havana Cigar at 5c.

This cigar is of a quality that has never before been bought by the smoker for less than 8 for 25c. The saving of 3c. on each cigar is merely the saving of two or three intermediate profits which the National Stands, by producing their own cigars, have eliminated; plus much saving in rent and selling expense.

This saving is shown with equal effect in all the cigars sold by National Stands. Among them are:

Black and White:	Seed-and-Havana; as good as was ever bought at 3 for 25c.	5c
College Days:	Best domestic cigar ever sold at	6 for 25c
Adad:	A first-class domestic cigar presenting superior workmanship	7 for 25c
Stirling Castle:	Fine, clear Havana cigar, 10c. quality	6c
La Idalia:	Choice quality clear Havana	3 for 25c. and up

It isn't a National Cigar Stand unless the National's Emblem is in the window

There are six National Cigar Stands in Paducah at the following addresses and only at these stands can National Cigars be obtained.

The Manager Of the B. & A.

By VAUGHAN KESTER

Copyright, 1901, by Harper & Brothers

"No, I don't suppose he does. I take it it was an inspiration of your own."

Ryder Oakley had risen from his seat.

"What's Dannie ever done to you?" he asked, with just the least perceptible tremor in his tones.

Ryder shrugged his shoulders. "We don't need him in Antioch."

The old man mastered his wrath and said gently:

"You can't afford to be unfair, Mr. Ryder. No one can afford to be unfair. You are too young a man to persevere in what you know to be wrong."

To maintain his composure required a great effort. In the riotous days of his youth he had concluded most arguments in which he had become involved with his fists. Aged and broken, his religion overrode his still vigorous physical strength but thinly, as a veneer. He squared his massive shoulders and stood erect, like a man in his prime, and glowered heavily on the editor.

"I trust you have always been able to make right your guiding star," retorted Ryder jeeringly. The anger instantly faded from the old convict's face. He was recalled to himself.

Ordinarily—that is, in the presence of others—Ryder would have felt bound to treat Roger Oakley with the deference due to his years. Alone, as they were, he was restrained by no such obligation. He was in an ugly mood, and he proceeded to give it rein.

"I wish you'd mind your own business," he said suddenly. "What do you mean by coming here to tell me what I ought to do? If you want to know, I'll tell you what I'm going to do. I am going to hang you and that precious son of yours out of this part of the country."

The old man straightened up again as Ryder spoke. The restraint of years dropped from him in a twinkling. He told him he was a scoundrel, and he preface it with an oath, a slip he did not notice in his excitement.

"What's that?"

"You're a scoundrel!" repeated Roger Oakley, white with rage. He took a step around the table and came nearer the editor. "I don't know but what I ought to break every bone in your body! You are trying to ruin my son!"

He hit the table a mighty blow, with his clenched fist and, thrusting his head forward, glared into Ryder's face.

"You have turned his friends against him. Why, he ain't got none left any more. They have all gone over to the other side. And you done it, you done it, and it's got to stop!"

Ryder had been taken aback for the moment by Roger Oakley's fierce anger, which vibrated in his voice and flashed in his dark, sunken eyes.

"Get out of here!" he shouted, losing control of himself. "Get out or I'll kick you out!"

"When I'm ready to go I'll leave," retorted the old man calmly, "and that will be when I've said my say."

"You'll go now." And he shoved him in the direction of the door. The shove was almost a blow, and as it fell on his broad chest Roger Oakley gave a hoarse, inarticulate cry and struck out with his heavy hand. Ryder staggered back, caught at the end of the table as he plunged past it and fell his length upon the floor. The breath whistled sharply from the old man's lips. "There," he muttered, "you'll keep your hands off!"

Ryder did not speak or move. All was hushed and still in the room. Suddenly a nervous chill seized the old convict. He shook from head to heel.

"I didn't mean to hit you," he said, speaking to the prostrate figure at his feet. "Here, let me help you."

He stooped and felt around on the floor until he found Ryder's hand. He released it instantly to take the lamp from the table. Then he knelt beside the editor. In the corner where the latter lay stood a rusty wood stove. In his fall Griffith's head had struck against it.

The lamp shook in Roger Oakley's hand like a leaf in a gale. Ryder's eyes were open and seemed to look into his own with a mute reproach. For the rest he lay quite limp, his head twisted to one side. The old man felt of his heart. One or two minutes elapsed. His bearing was one of feverish intensity. He heard three men loiter by on the street and the sound of their footfalls die off in the distance, but Ryder's heart had ceased to beat. Fully convinced of this, he returned the lamp to the table and, sitting down in the chair by the door, covered his face with his hands and sobbed aloud.

Over and over he murmured: "I've killed him, I've killed him! Poor boy, poor boy! I didn't go to do it!"

Presently he got up and made a second examination. The man was dead past every doubt. His first impulse was to surrender himself to the town marshal, as he had done once before under similar circumstances.

Then he thought of Dan.

No; he must escape, and perhaps it would never be known who had killed Ryder. His death might even be attributed to an accident. In his excitement he forgot the boy he had met at the door. That incident had passed entirely from his mind, and he did not remember the meeting until days afterward.

He had been utterly indifferent to his own danger, but now he extinguished the lamp and made his way cautiously into the outer room and peered into the street. As he crouched in the darkness by the door he heard the town bell strike the hour. He counted the

strokes. It was 8 o'clock. An instant later and he was hurrying down the street, fleeing from the ghastly horror of the white, upturned face and the eyes, with their look of mute reproach.

When he reached the railroad track at the foot of Main street he paused irresolutely.

"If I could see Dannie once more, just once more!" he muttered under his breath, but he crossed the tracks

Two men pushed past him carrying the body of Ryder between them.

with a single longing look turned toward the shops, a black blur in the night a thousand yards distant.

Main street became a dusty country road south of the tracks. He left it at this point and skirted a cornfield, going in the direction of the creek.

At the shops Dan had waited supper for his father until half past 7, when he decided he must have gone uptown, probably to the Joyce's. So he had eaten his supper alone. Then he drew his chair in front of an open window and lighted his pipe. It was very hot in the office, and by and by he carried his lamp into the pattern room, where he and his father slept. He arranged their two cots, blew out the light, which seemed to add to the heat, partly undressed and lay down. He heard the town bell strike 8 and then the half hour. Shortly after this he must have fallen asleep, for all at once he awoke with a start. From off in the night a confusion of sounds reached him. The town bell was ringing the alarm. At first he thought it was a fire, but there was no light in the sky, and the bell rang on and on.

He got up and put on his coat and hat and started out.

It was six blocks to the Herald office, and as he neared it he could distinguish a group of excited, half-dressed men and women where they clustered on the sidewalk before the building. A carriage was standing in the street.

He elbowed into the crowd unnoticed and unrecognized. A small boy who had climbed into the low boughs of a maple tree now shouted in a perfect frenzy of excitement: "Hi, they're bringing him out! Jimmy Smith's got him by the legs!"

At the same moment Chris Berry appeared in the doorway. The crowd stood on tiptoe, breathless, tense and waiting.

"Drive up a little closer, Tom," Berry called to the man in the carriage. Then he stepped to one side, and two men pushed past him carrying the body of Ryder between them. The crowd gave a groan.

CHAPTER XVII.

Ryder's murder furnished Antioch with a sensation the like of which it had not known in many a day. It was one long, breathless shudder, ramified with contingent horrors.

Dippy Ellsworth remembered that when he drove up in his cart on the night of the tragedy to light the street lamp which stood on the corner by the Herald office his horse had balked and refused to go near the curb. It was generally conceded that the sagacious brute smelled blood. Dippy himself said he would not sell that horse for \$1,000, and it was admitted on all sides that such an animal possessed a value hard to reckon in mere dollars and cents.

Three men recalled that they had passed the Herald office and noticed that the door stood open. Within twenty-four hours they were hearing groans and within a week cries for help, but they were not encouraged.

Of course the real hero was Bob Bennett, Ryder's assistant, who had discovered the body when he went back to the office at half past 8 to close the forms. His account of the finding of Ryder dead on the floor was an exceedingly grisly narrative, delightful by conductive of the shivers. He had been the quietest of youths, but two weeks after the murder he left for Chicago. He said there might be those who could stand it, but Antioch was too slow for him.

COURT APPOINTS ADMINISTRATOR

Hessig Estate With Will Annexed is in Court.

Public Guardian Assumes Control of Interest of Two Sons of Dr. Hessig.

LATTER EXPECTED TO APPEAL.

F. G. Rudolph, public administrator, has been appointed administrator of the late Mrs. Catherine Hessig's estate with will annexed; also guardian for Carl and Fred Hessig, heirs of the deceased. J. J. Bleich, Cecil Reed and H. W. Hills have been appointed appraisers of the estate.

The appraisers are now at work appraising the estate. It is permitted by statutory provision in the absence of qualification of executors and is natural legal step.

"The order offering the qualifications of Dr. Herman T. Hessig as one of the executors, which I will refuse to observe, has not been presented, and I took the natural course in the management of the estate," Judge Lightfoot explained. "The statutes say that when an executor fails to qualify, the court shall appoint an administrator with will annexed, who steps in and carries out the provisions of the will just as an executor would. This is all I have done except the appointment of appraisers and a guardian."

It is understood that Dr. Hessig, who was appointed one of the executors, will appeal the order, if Judge Lightfoot overrules it and forbids his qualifying as such. This will bring the matter into the higher courts, and if he wins out there it is stated the action of Judge Lightfoot will not be nullified, but the executors will take the estate where the administration left off and manage it.

CAT CATCHES RABBIT.

Outrims It and Carries It to His Master.

"Tommy," the "watch" cat at Moore Whitaker's saloon, at the Union depot, added another remarkable feat to his list of accomplishments, and it is a record breaker. Tommy caught a rabbit and presented it to the bartender yesterday afternoon late. The rabbit was a wild one and nearly grown. When Tommy flushed the hare he did not know what he was up against in the race line but he stuck to it and carried the rabbit to the saloon, cat fashion, by the neck.

TEN COMMANDMENTS

Principal Plank in Jerome's Platform in New York.

New York, Aug. 24.—District Attorney William Travers Jerome, today again talked of the political situation in this state.

"The Murphy incident is an epic and good epic poetry is dying out," he said.

"Murphy, however, should not be as severely criticised. This is a Christian world and a Christian example should be praised. This is a campaign of the Ten Commandments. I am running on the Ten Commandments platform."

40,000 WORKMEN

To Go On Strike in England Unless They Get Raise of 50c a Week.

Manchester, England, Aug. 24.—Sixteen hundred iron moulder today informed their employers that they will strike on August 27th unless an advance of fifty cents a week is conceded. This would affect 40,000 men and 60 firms. The men claim they have had no increase in ten years although rents and food have risen.

Boat May Be Built for the Cairo Paducah Trade.

A special from Cincinnati says: "A new boat is being built to replace the Dick Fowler in the lower Ohio river trade."

When asked if there was anything in the report, Mr. Saunders Fowler said:

"Well, not for the present."

MAYORS TO COME TO CONVENTION

Commercial Club Invites Them to Immigration Meeting.

Cairo, Metropolis and Brookport, Ill., Interested in Southwestern Movement.

CO-OPERATION IS NOW ASSURED

No effort is being spared to make the Southwestern Kentucky Immigration convention, October 4-5, a success, and every possible means of enlisting public and popular support is being adopted by the Commercial club.

Not only have prominent citizens in this section been solicited to come and send names of others, but the newspapers are being enlisted in the cause, the commercial bodies are being urged and officials stirred up.

The Commercial club has decided not to limit its efforts to Kentucky, but Cairo, Metropolis and Brookport, Ill., which will benefit from an increased population in this section, also are invited to participate. Yesterday Secretary Coons wrote to the mayors and commercial bodies of these cities, inviting their co-operation and explaining the meaning of the movement.

The work is meeting with co-operation in many quarters and it is believed a representative crowd will gather here for the two days.

EMOTIONAL INSANITY.

Is Decided Upon Positively as the Plea for Harry Thaw.

New York, August 24.—A decision was reached today by the attorneys for Harry K. Thaw that Thaw's defense to the charge of killing Stanford White will be a plea of emotional insanity. This will include as a part of the defense the declaration that Thaw's insanity existed only until after White was killed, and that Thaw is now sane again and has been since the killing. The decision to make this plea was reached after the reports of two alienists who had visited Thaw in the Tombs yesterday had been communicated to Clifford W. Hartridge of Thaw's counsel. It was decided also today that Mrs. Harry K. Thaw will be the chief witness of the defense in its efforts to prove that Thaw was insane when he killed White.

SAYS RED TAPE INJURES ARMY.

General Carter's Report Strikes at Washington's "Bureaucrats."

Washington, D. C., Aug. 24.—General William H. Carter, commanding the department of the lakes, has submitted a report to the war department which has awakened the officials. He condemns the centralization of the quartermaster's department and the system of promotion of officers by selection. He criticizes the amount of red tape which ties up the commanding officers and their subordinates and renders them helpless in the hands of the bureaucrats at Washington. "The correct administration of the quartermaster's department as a military machine is indispensable," to the comfort and success of armies," says the general. "With the passage of the act of congress approved March 3, 1905, it appears to have been thought necessary to modify existing methods. The changes in the quartermaster's department have been serious."

NO CONCEALMENT.

In the Republican congressional campaign the president, according to dispatches which came from Oyster Bay immediately after a conference with the chairman and the treasurer of the Republican congressional committee, "will take an active and perhaps directing interest." This will be welcome information to all who understand that one of the chief functions of the Republican congressional committee is the raising of campaign funds; it amounts to assurance that no tainted money will find its way into the committee's treasury, and that at the end of the campaign there will be no more to conceal than there would have been had the Tillman bill, requiring publicity for these contributions, become a law.

Congressman Sherman, the new chairman, has issued a call to individual Republicans, in which he says: "We desire to maintain the work of this campaign with popular subscriptions of one dollar each." Those who deplore assessments on corporate beneficiaries of the tariff may have wished the word "solely" had been inserted just after the word "campaign." However, the president has contributed his dollar and "thinks it an admirable plan," and his "active and perhaps directing interest" should be assurance enough that it will be carried out.—From Collier's for August 18, 1906.

DEMAGOGUE HEARST.

Collier's for August 18, 1906.

Hearst's popularity should not be underestimated. Even if he runs independently, under the banner of reform, he will make a dangerous struggle for the governorship of New York. Unfortunate indeed, was his defeat in the mayoralty contest, since he now has martyrdom as an asset, whereas his election and counting-in would have proved the recklessness of his promises and pricked some of the bubbles of his words. Long ago Hearst saw his opportunity, and he has seized it with such astute and single-minded purpose that he is today the recognized leader of that vast body of voters, mostly ignorant and altogether discontented, for whom the radicalism of Roosevelt and Bryan, or even of Tom Johnson and La Follette, is much too reasoned and much too tame.

PRACTICAL EDUCATION.

The successful man of today is the one who has an education that has a market value. This applies to all classes of men. The writer, the lawyer, the surgeon, the merchant and the engineer can measure his value to the world largely by what men are willing to pay for his services. The conception of an education has been greatly modified in recent years. A man is educated who is skilled in doing some useful thing; who manifests an interest in all men engaged in useful work; who is always striving to be more skillful and better informed in his own work. The beauties of art, literature and philosophy do not belong to any class of men. The man who is engaged in a productive work should find first that culture that comes from doing his work well, but his happiness and breadth of life will be increased if he finds some of the gems in the world of literature and art. The aim, for a number of years in mechanical engineering, has been to economize, to secure the greatest strength and the most efficient forms and shapes at the least cost, with little regard to art. The struggle for existence that burdened the pioneer manufacturers and builders of America is past and we are in a position to look about us and to adapt to our structures and machines artistic forms. To do this requires that engineers and skilled mechanics should cultivate fine art. The great industries of this country are continually looking for young men who have scientific training in the art of machine designing and power transmission. Kentucky has not been slow to recognize the fact that she must provide for her sons, a great school in mechanical and electrical engineering. In order to equip them for a work that offers the greatest opportunities in this age of industrial achievements. For fifteen years the State College of Kentucky has been sending her mechanical and electrical engineers to all parts of the country where they have achieved great distinction with the largest machine, engine and electrical apparatus building concerns. Kentucky boys have made such a record that there is a demand for State College mechanical and electrical engineers that cannot be supplied. In the class of 1906 there were thirty men and there were over one hundred applications for these graduates.

NO CONCEALMENT.

In the Republican congressional

campaign the president, according to dispatches which came from Oyster Bay immediately after a conference with the chairman and the treasurer of the Republican congressional committee, "will take an active and perhaps directing interest." This will be welcome information to all who understand that one of the chief functions of the Republican congressional committee is the raising of campaign funds; it amounts to assurance that no tainted money will find its way into the committee's treasury, and that at the end of the campaign there will be no more to conceal than there would have been had the Tillman bill, requiring publicity for these contributions, become a law.

Congressman Sherman, the new chairman, has issued a call to individual Republicans, in which he says: "We desire to maintain the work of this campaign with popular subscriptions of one dollar each." Those who deplore assessments on corporate beneficiaries of the tariff may have wished the word "solely" had been inserted just after the word "campaign." However, the president has contributed his dollar and "thinks it an admirable plan," and his "active and perhaps directing interest" should be assurance enough that it will be carried out.—From Collier's for August 18, 1906.

DEMAGOGUE HEARST.

Collier's for August 18, 1906.

Hearst's popularity should not be underestimated. Even if he runs independently, under the banner of reform, he will make a dangerous struggle for the governorship of New York. Unfortunate indeed, was his defeat in the mayoralty contest, since he now has martyrdom as an asset, whereas his election and counting-in would have proved the recklessness of his promises and pricked some of the bubbles of his words. Long ago Hearst saw his opportunity, and he has seized it with such astute and single-minded purpose that he is today the recognized leader of that vast body of voters, mostly ignorant and altogether discontented, for whom the radicalism of Roosevelt and Bryan, or even of Tom Johnson and La Follette, is much too reasoned and much too tame.

The
Stetson

The hat is the most important item of a man's attire. It makes or mars his appearance. To be sure of a pleasing result we suggest that you procure a Stetson.

We have the Stetson Soft and Derby Hats in all the latest styles.

The critical look directed to the

Stetson
Hat

always becomes an admiring glance—and the wearing assures confidence in the style—and comfort.

We have the Stetson Soft and Derby Hats in all the latest styles.

First Showing of the New Fall Hats

It is a pleasure to us to announce that on Saturday, August 25, our complete display of the new Fall styles in Men's Hats will be ready for inspection. All the authoritative blocks, stiff and soft, in Dunlap, Young Bros., Hawes, Stetson, Mundheim and Freeman will be exhibited, and while the shapes and colorings are not too bold and bizarre, the man who values an idea only while it is new will find snappy effects in plenty. Nothing else could be expected from the product of such manufacturers.

In the Boys' and Children's Department, too, no effort has been spared to make this season's showing one of the most attractive in years. Mothers and fathers will find that the same high standard of quality rules in this department as in the rest of our store—dependable goods at square deal prices.

We respectfully invite the men and boys of Paducah to visit our Hat Department and see for themselves the first display of the season. Our salesmen will take great pleasure in showing you through and seeing that you get the correct block and the very latest shade for early fall wear.

TO ABOLISH FINES IN THE DEPARTMENT

First Assistant Postmaster-General Issues New Order—Coombs Mentioned For Governor.

UNEQUALLED PROSPERITY OF LAND

Washington, Aug. 24.—Fining employs as a means of enforcing discipline in the postal service, a system that has been in operation for many years, is to be abolished, First Assistant Postmaster-General Hitchcock, who has jurisdiction over all post-office employees, after a year's observation of this means of discipline has reached the conclusion that it is detrimental, rather than helpful. He proposes to establish in its place a uniform system of efficiency records, which will be put into operation as soon as perfected. To that end he has started Assistant Superintendent John A. Holmes, of his bureau, on a tour of inspection of the largest post-offices of the United States. Dr. Holmes will consult with the postmasters and their assistants regarding the introduction of the proposed change.

The existing practice of subjecting 250,000 or more employees to the liability of being fined for making errors in handling mail or for misconduct, is believed by Mr. Hitchcock to be a type of punishment rightly termed humiliating and degrading, and which should not be imposed on men and women.

Unequaled Prosperity.

Washington, Aug. 24.—Unequaled prosperity in the manufacturing industries in the United States for the calendar year of 1904 is shown in a

census bulletin just completed, which is compared by the census bureau with a similar census for the year 1900. The number of manufacturing establishments in the country as shown by the last census is 216,262, an increase of 4 per cent. over 1900. Capital increased during the five years from \$8,978,825,290 to \$12,686,265,673, or 41 per cent. In the same period the total value of products increased from \$11,411,121,122 to \$14,802,147,637, a gain of 30 per cent. There has been an increase of 43 per cent. in the number of officers and clerks employed by these manufacturing and a gain of 51 per cent. in the salaries paid. In the same time the number of wage earners increased 16 per cent. and the salaries 30 per cent. The number of wage earners reported for 1905 was 5,470,321, with an annual income of \$2,611,540,432.

Will Increase Deposits.

Washington, Aug. 24.—Secretary Shaw has taken steps to increase the deposits of public moneys in national depositories in various parts of the country to \$50,000, the amount authorized by law. It affects about 150 banks and will aggregate about \$3,000,000 additional deposits.

Coombs for Governor.

Washington, Aug. 24.—The calm

with which Kentucky Republicans appear to be regarding the prospect of a gubernatorial campaign next year has been broken with the return of Leslie Coombs, United States minister to Guatemala, to the United States. When Mr. Coombs reached Washington some of his friends here were discussing his name in connection with the Republican gubernatorial nomination. Of course Mr. Coombs knew nothing about it. He was as innocent as a babe unborn of the gossip that was going around about him. Mr. Coombs' friends declare that he is the most eligible man in Kentucky to run next year against the victor at the forthcoming Democratic primaries next fall.

Postmaster Hands in His Dollar.

Washington, Aug. 24.—Postmaster General George B. Cortelyou, chairman of the Republican national committee, called yesterday at the headquarters of the Republican congressional campaign committee and subscribed his dollar to the campaign fund.

A Partnership.

One day as John W. Mugridge, the lawyer, and Judge Minot were walking along the street in Concord, N. H., together, Mr. Mugridge, in his sepulchral voice, said: "Judge, let's go into partnership. You furnish the capital and I'll furnish the brains."

The judge quickly pulled a 2-cent piece from his pocket, and, holding it in the palm of his hand, said to Mugridge: "Very well; cover that, John! Cover that!"—Harper's Weekly.

Smell of Fish.

The smell of fish that is so hard to remove from pans and plates by washing or soaking will yield to lemon skin rubbed over them. This will kill the flavor of even salt mackerel and salmon in a baxepan. After rubbing with the lemon, let the dish stand for a little, then wash in cold water and rinse with hot water.

It doesn't matter much if your sins find you out if they only keep quiet about it.

Davis Island Dam	6.6	1.1	fall
St. Louis	10.8	0.7	fall
Mt. Vernon	13.2	0.3	fall
Paducah	12.7	0.1	fall

A fall of 0.1 was registered this morning, the stage being 12.7. Business at the wharf is fair.

"His Highness the Bey" company swelled the passenger list on the Dick Fowler this morning on the regular trip to Cairo.

Two more barges of the Ayer-Lord Tie company were pulled out on the ways today.

At the dry docks, a new hull will be built on the Henrietta, requiring probably six weeks to complete it. Lon Thompson, Jasper Thompson and Wilford Cosby returned from Chicago last night and are at their places on the docks today.

The rise all along the Ohio has been taken advantage of by the coal fleets. The Jim Woods with 22 barges and the Tom Reese with a big tow passed down for New Orleans yesterday.

The City of Savannah arrived from St. Louis this morning at 1 o'clock and left soon after for the Tennessee river. These boats try to arrive at Paducah in the day time either on the up or out trip to give the big crowd of excursionists an opportunity to see the city. The soda water is good here and the men are not bashful.

The Lydia came up from Joppe last night and left today for the Tennessee river after ties.

The Kentucky did not arrive until this morning from the Tennessee

river. A fog delayed her night before last and an extra big load of peanuts was brought in. When a fog comes on the river the boats simply have to tie up. Fog horns would not aid them as the channel is too narrow.

The towboat Margaret arrived from the Tennessee river last night with 38,000 ties. She will go back to the Tennessee river today.

The Joe Fowler arrived from Evansville today and left after unloading for the same point.

Evansville Courier: Bartley Dunn, brother of Special Steamboat Supervisor Joseph Dunn, of Louisville, Ky., is recovering from his recent accident nicely and will be out and going within two weeks. He was horribly scalded by steam on the government boat, Willow Point, while that boat was around here with the Ohio river surveying party. The lower portion of his right leg was almost torn away.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon will continue falling during the next 24 to 36 hours. At Paducah and Cairo, not much change during the next 12 to 24 hours, then fall.

The Tennessee from Florence to below Johnsonville, will fall today.

The Mississippi from Chester to Cairo, will fall during the next 24 hours.

Must Probe Ice Trust.

New York, August 24.—"There is evidence of criminality," declared Judge Rosalsky today to the foreman of the grand jury after the latter had announced that the investigation to discover whether there is a conspiracy to increase the price of ice in this city was finished and that the jury had no report to make. Judge Rosalsky immediately called the foreman and one other member of the jury to the bench and gave them a mass of evidence given in civil suits against the American Ice company, and, it was reported, threatened to keep the jury in session several weeks in order to obtain positive action on the ice question.

Subsequently it was announced that the grand jury would continue its investigation.
